HOLIDAY OVERVIEW

There's an art to navigating the outdoors that goes beyond mastering a GPS tracking device and loading a smartphone app. The National Navigation Award Scheme (NNAS) Bronze Navigator Award is designed for beginners who are seeking to improve their navigation skills and build confidence in the outdoors. Upon successful completion of the course, you'll be able to plan and follow your own countryside walks, with a good understanding

of safety, weather, kit and judgement of time and distance. This holiday is exclusively for women and no previous experience of navigating with a map and compass is required.

TRIP SUITABILITY

While these aren't walking holidays as such, it's essential that you have a level of fitness that will allow you to enjoy your experience to the fullest. Please prepare to be on your feet and outdoors for most of the day (usually 6-7hrs). You will cover anything up to 5 miles over the course of a day.

ITINERARY

Day 1: Arrival Day

Check-in at the hotel is available from 16:00. If you are a member you can arrive at the house from 14:00 in 2026. Enjoy a complimentary cream tea at 16:30 and meet other guests. After tea meet your leader and have a course introduction.

Day 2-3: Navigation Days

Our days will be spent working through a range of practical indoor and outdoor exercises that will help us cover the Bronze Navigator Award Syllabus: Navigate using a variety of maps and scales. Use 4 and 6 figure grid references with worded descriptions to define the position of a map feature and to locate a feature on the ground. Orientate the map using handrails, obvious point features and major landforms. Use linear features (e.g. paths, tracks, clear boundaries) as handrails in simple navigation exercises. Relate prominent landforms such as large hills and valleys to corresponding contour information on the map. Orientate the map by aligning a compass needle against grid north and be aware that magnetic variation causes an inaccuracy. Use an orientated map to confirm the direction of travel. Use clearly identifiable features to confirm position along the route and to recognise when the target has been overshoot. Measure horizontal distance on the map and estimate distance on the ground using timing, pacing and simple visual judgements e.g. 100m. Plan and implement simple routes and navigation strategies based on the above skills. Recognise a navigation error within a few minutes and apply simple relocation techniques using handrails and prominent features. Be aware of the use of mobile phone location apps as a back up to map and compass and in emergencies. Demonstrate an awareness of local and national access issues, access legislation, personal responsibilities, the Countryside Code and sustainability. Demonstrate appropriate knowledge of walking equipment, safety equipment and emergency procedures. If you would like more information about what you will learn on a Bronze course please read these Participant Notes. You will be outside for parts of the course and there will be some standing around outside so please bring warm clothing with you. You can expect to walk between 2 to 4 miles each day. The course includes map work exercises and walk planning in the evenings. Maps will be provided for use during the course, if you have a compass please bring one with you to help with orientating the map.

Day 4: Departure Day

Enjoy a leisurely breakfast before making your way home.

Nythfa House

Not many places in the UK outshine Brecon Beacons (Bannau Brycheiniog) National Park when it comes to wide open spaces and walks with incredible views. So it's easy to see the appeal of Nythfa House. With its name meaning 'nesting place' in Welsh, once you settle in you'll never want to leave. Built in 1867 as a private residence, this charming property is perfect for those seeking a rural retreat, yet one which is just a 10-minute walk from the Welsh market town of Brecon. It sits on a hill above The Struet, one of Brecon's oldest and most historic streets, famed for its Charles I connections who visited the town during the English Civil War. Nythfa House also puts you within easy reach of some of the area's show-stealing walking spots, including the Black Mountains, the Mellte Valley, and Pen y Fan - the highest point in the national park at 886 metres. Equally visit-worthy is the Big Pit National Coal Museum in Blaenavon, the National Showcaves Centre for Wales in Abercrave, and the bibliophile's paradise that is Hay-on-Wye. Should time allow, Hereford and Cardiff are both just an hour's drive away.

A warm welcome

We want you to feel comfortable from the moment you arrive. You'll find a welcome pack in your room with guest registration forms, menus, order forms for dinners and picnic lunches, the Wi-Fi password, and the front door code. Our houses are locked at night, so we recommend noting the Duty Manager's number on arrival in case of an emergency (or getting locked out).

Evening entertainment

While evening entertainment varies from house to house, HF Holidays Inter-House Quiz night held after dinner on Wednesdays is a weekly staple. Your HF Holidays leader may be around for tips on guided and self-guided walking routes as well as visit-worthy local attractions.

Walks talks

Our HF Holidays walk leaders host guided walking information briefings before dinner on guided walking holiday arrival days. This is followed by a group Walks Talk for information on the following day's guided walks (held before dinner every evening). Self-guided walking guests are, of course, welcome.

The walking day

Prior to setting off on guided walks, your HF Holidays Leader will run you through a short safety briefing. There's also an up-to-date weather forecast on display at the house to ensure you have appropriate clothing and footwear. If you choose to do your own walks or are on a self-guided walking holiday, we ask that you please complete an Independent Walker Card each day. These can be found near the Discovery Point in the house.
