Vaccinations & health information for American Rockies

This information is subject to change. In all cases, we highly recommend you consult your GP both for up to date details and for more information on what is appropriate to your situation. As a rule, travellers should be up to date with their routine vaccinations and boosters as recommended in the UK – including, for example, the MMR and diphtheria, tetanus and polio vaccines. Requirements can change, and we recommend you check in good time ahead of your holiday. Aside from the above recommendations, there are no specific vaccination requirements to visit the US. Please note: the use or possession of some common prescription or over-the-counter medicines is banned in some countries. If you will be carrying medication, please check with the country's embassy/consulate prior to travel. As an extra precaution, it is recommended to: Keep medication in its original packet Take a copy of your prescription If possible, ask your chemist to write the name of your medication in the language of the country you're visiting For further information on country specific advice, visit www.fitfortravel.nhs.uk or www.traveldoctor.co.uk.

Passport & Visa information for American Rockies

Passports Passports must be valid for the duration of the trip **Visas** You will need to get a visa or an Electronic System for Travel Authorisation (ESTA) visa waiver to enter or transit the USA as a visitor for business or leisure purposes. You should consult the US State Department website to determine which you will need. The ESTA allows a stay of up to 90 days for British Citizens and a number of other nationalities. Please check the ESTA website above for the full list of countries and to submit your application at least 72 hours before you travel. Please note that this is the only official ESTA website. There are third-party companies that operate websites which look like the ESTA application site, but which charge a processing fee on top of the official fees. You should be aware that if you have travelled to or have been in Cuba, or have travelled to or been in Iran, Iraq, Libya, North Korea, Somalia, Sudan, Syria and Yemen since 1 March 2011, you are normally not eligible for an ESTA visa waiver and will need to apply for a US visa. Again, you should consult the US State Department website to determine which you will need. The US Embassy advise that travellers who come under the following categories should not attempt to travel on an ESTA and should instead apply for a visa: those who have been arrested (even if the arrest didn't result in a criminal conviction) those who

have a criminal record those who have been refused admission into, or have been deported from the USA those who have previously overstayed an ESTA Further details can be found on the US Embassy website. If you're arriving by air or sea you should provide details online as soon as possible and at least 72 hours before travel. This is known as an Electronic System for Travel Authorisation or ESTA. Getting an ESTA is a separate process to providing your airline with advance passenger information (details of your passport, country of residence, address of your first night's accommodation in the US etc). For more information, and to apply online, visit the official ESTA website. Please note that this is the only official ESTA website. There are third-party companies that operate websites which look like the ESTA application site, but which charge a processing fee on top of the official fees.

Packing list - American Rockies Guided Walking Holiday

As you'll be carrying your own luggage at airports and between your transport and hotels, we recommend you try to keep your luggage to a minimum. These items are a general suggestion of what to pack for an active outdoor and walking holiday; depending on your destination, you may need more of some things and less – or none! – of others. We advise being prepared for all weather conditions, but you'll know best what you prefer to wear when out walking or while taking part in other outdoor activities. Walking boots (worn in), with good ankle support and non-slip soles and spare bootlaces Walking socks Lightweight fleece, waterproof trousers and jacket Shorts and short-sleeved t-shirts Long trousers and long-sleeved light-coloured shirts for the possibility of winter-weather days Walking poles We recommend wearing walking boots on all our walks, as these provide the best ankle support and grip. Modern 'approach shoes' offer appropriate levels of grip and may be worn on some low-level walks, but users should be aware that they offer less ankle support. Lightweight trainers are not recommended for any walks. Your clothing should ideally be pre-treated with insect repellent and in-built sun protection (available from specialist clothing stores such as Rohan, Cotswold Outdoor). Warm fleece, scarf/buff, hat and gloves; small torch/head torch Comfortable clothes and shoes for evenings and sightseeing Sun protection – sun hat, sunglasses, high factor sunscreen and lip protection Water bottle – at least 2-litre capacity Lightweight survival bag Small/medium rucksack (30 litre) and a liner or cover to keep contents dry Insect repellent Personal first aid kit including: personal medication, tissues, plasters, blister kit, painkillers, antiseptic wipes, Imodium, rehydration sachets; hand sanitiser Essentials Passport (and copies) Booking confirmation Insurance cover note HF Holidays' registration form. Please ensure you have access to emergency funds should you need them; carrying a credit card is probably the most convenient method. Optional extras Camera Umbrella Binoculars High energy food bars Swimming costume and towel Small Tupperware box and sandwich bags for picnic lunches Walking sandals Please note that your HF Holidays' leader reserves the right to refuse to take any guest on a walk should they consider that a lack of suitable clothing/footwear may affect safety.
